DEAL IN BRIEF

Trade in your eligible Keysight, Tektronix, Rohde & Schwarz or LeCroy oscilloscope and receive a credit up to 60% toward your new Infiniium MXR B-Series oscilloscope.

WHY THE MXR B-SERIES IS RIGHT FOR YOU

- Keysight's Infiniium MXR B-Series oscilloscopes offer eight instruments in one comprehensive, benchtop solution, conserving both bench space and budget.
- The MXR B-Series' standard features, automated software analysis, and hardware acceleration empower robust design development, leading to shorter time to market and lower failure rates in the field.
- The MXR B-Series' uncompromised waveform update rate, 6 GHz of bandwidth, and low-noise front end preserve signal integrity and display the truest representation of the signal.

i Credit values are based on **typical configuration and average list price** and apply to models with **matching frequency range** (and port or channel count where applicable).

TERMS AND CONDITIONS

- Trade-In credits for this special promotion may be subject to change without notice, at Keysight's discretion.
- Credit ranges apply to Trade-In models with the matching or similar frequency range (and port or channel count where applicable).
- The Trade-In unit(s) must be in working condition, without major esthetic and physical damages, to receive the full credit.
- Credits apply to the new Keysight product and hardware options included in the offer; not to Keysight software or hardware items bought with the same order but with a separate model number.
- Credit values are approximate and may vary by currency and country, for one new and one Trade-In unit, and may change any time without prior notice.
- The Trade-In credit and purchase agreement (PA) discounts may be combinable.
